

KCACTF NEWSLETTER

Welcome!

The facilities at UArts provide us several venues for many different kinds of workshops (four dance/movement studios, several acting studios and lots of classrooms) and we still have plenty of opportunities for workshops open. I have had several people express interest in presenting, but we are behind on actual proposals compared to previous years. So if you are considering presenting, please submit your application as soon as you can.

We continue to seek workshop proposals in all areas including Stage Combat, Dance, Singing, Musical Theatre Costumes, Crafts, Set, Lights, Sound, Properties, Make-up, Puppetry, Hair, Hats, Scene Painting, Criticism and any areas that we may have missed.

Faculty members, if you have an idea that you have been dying to try, this is the opportunity to step up and share your thoughts. Workshops can be single (50 minute) or double (110 minute) sessions. The format is up to you, from panel discussion to full contact physical activity.

We want workshops for all levels of theatre artist, so please don't assume that your workshop idea won't fit it is too simple or too complex.
